SOLDIERS SCRAP ON GRIDIRON

TEAMS COMPOSED OF REGULARS IN A HOT BATTLE.

Fort Hamilton and Fort Totten Elevens Play a 0 to 0 Game in the Garden -Hogan, Not of Yale, a Star-Kickhams Victors in the Gaelle Contest.

Soldiers from the Regular army met in a

football game in Madison Square Garden last night and fought a sensational battle to a draw, the score standing 0 to 0. The feams represented Fort Hamilton and Fort Totten, ocated at Willet's Point, and they had been coached by two former West Point men, Licuts. Henkle and Merriam, respectively. It was by far the best game of the tourna-ment, and a crowd of 2,500 went wild over the way the soldiers went at one another.
It was Fort Hamilton's kick off, and Seguin ran back to the 25-yard line. Two good gains had been made when Fort Hamilton secured the ball on a wild pass and then hammered if up to the 2-yard mark, where the men from up the Sound made a gallant stand and secured it on downs. Then the Willets Pointers began a terrific attack, smashing Fort Hamilton's defence to flinders. Fists were soon flying, and the roughest kind of football followed until Willets Point was penalized ten yards. Willets Point finally lost the ball on a fumble on their rival's 20-yard line, and Fort Hamilton plunged along to the middle of the field, only to have a drop kick

and Fort Hamilton plunged along to the middle of the field, only to have a drop kick for goal blocked.

It was Willet's Point's ball and Hogan, wearing a green ersey, got in a rattling dash around the right end for eighteen yards. The ball was on the 10-yard line. Gradually Hogan, not of Yale, struggled to the 8-yard line, where the men fought like tigers. There was offside play by Willet's Point, and Fort Hamilton received a penalty of twenty yards. A drop kick was attempted, but, after fumbling the pass, Seguin punted over the goal line. The ball was kicked out and Hogan had a clear field, with the exception of one man who collared him in great style.

Willet's Point kicked off in the second half, and before two plays had been made. Fort Hamilton lost the ball on a fumble. Then the men from Fort Totten dashed in for gains that landed the ball on the 10-yard line, where the play was so fast that the spectators could not follow it. The ball was fumbled again, and Fort Hamilton began to run it back. Again it was fumbled, and Willet's Point went to the attack once more. Fumble after fumble occurred in rapid succession, until Fort Hamilton decided to punt. That gave the ball to Willet's Point in the middle of the field. Referce Louis Hinkey ruled the ball back to Fort Hamilton in the next play.

They were showing some bad blood and were at it hammer and tongs. Very little time was taken out for injuries, the hardy regulars showing no disposition to weaken or play for wind. Soon a Fort Hamilton man was knocked senseless. When he came to he refused to leave, though he had a bloody nose. Then Egan of Willets Point working the ball into their opponents' territory until they had it on the 15-yard line. When time was up the Fort Hamilton men were wild with delight because the score was 0 to 0.

There was so much feeling between the teams that at first they wanted to play an extra half of ten minutes. But after a dispute it was decided to play a full game in the near future. The Willets Point men had may bets of 2 to 1 t

Then came a good old fashioned game of Gaelic football between the Kickhams and O'Connells, goals only to count. Friendship ceased when there had been a general handshake in the middle of the Garden After three minutes of lively hustling. Whitey McDonald kicked a goal for the Kickhams. The crowd roared with laughter as the teams got warmed up. The play was so swift that there was not a change to breathe. Shins were barked and several noses were bleeding, but the fun went on just the same. Rocket of the Kickhams was knocked out in a scrimmage, but went to playing as soon as he got his bearings. Time for the first half ended with the score 1 to 0 in favor of the Kickhams. The teams came back, only to wrangle over the fact that a member of the O'Connells who had had a finger stuck in his eye in the first half and retired had come back to play again. The score at the end was \$2.00 to \$1.00 to \$2.00 to

JEFFRIES AND MUNROE. Champion Will Fight Miner if Latter Whips a Few Heavyweights.

The possibility of a battle between Jim Jeffries and Jack Munroe seems brighter than ever just now. The miner's victory over Al Limerick in Boston on Tuesday night has boosted his stock and the boilermaker has decided to meet him. Jeffries, however makes stipulations. He wants the miner to defeat a few more of the big men first, and this Munroe will try to do, provided he can

defeat a few more of the big men hist, and this Munroe will try to do, provided he can find opponents.

Jeffries seemed pleased over Munroe's victory and complimented the miner. "I will fight Munroe," he said, "but just when and where I can't say. I have made a number of theatrical contracts, but I will break them if some of the clubs care to bid for the mill. From the way things look at present, the fight, if arranged, will take place in San Francisco."

Jeffries was perturbed over the report that Gus Ruhlin was ready to meet him and give him the entire purse if he (Ruhlin) failed to stop him deffries) inside of twenty rounds. "I don't believe that Ruhlin made such an assertion," the champion declared, "but if he did, I am ready for business."

Jim Coffroth, matchmaker of the Yosemite A. C. of San Francisco, is still in town, but thus far has not seen Jeffries relative to a fight. He came here ostensibly to arrange a battle between Jeffries and the winner of the Ferguson-Johnson contest, decided last week. However, as Johnson won, his plans were puset, because Jeffries has announced that he will never fight a negro. Coffroth, however, will try to bring about a match between Jeffries and Munroe instead. If this cannot be done right away, it is said that he will have Munroe tackle Johnson, or some other good man on the Pacific Coast, in a twenty round fight.

Tommy Feltz Bests Johnny Marto. Tommy Feltz of Brooklyn showed excellent skill in an exciting six round bout in Philadelphia, with Johnny Marto of this city Philadelphia, with Johnny Marto of this city, on Tuesday night. The mill, which went the limit, was fast throughout. The boys fought at catchweights, Marto being slightly heavier than Feltz. The lads hammered each other hard, and much blood was spilled. In the third round Feltz fought desperately and landed some telling blows. In the fourth Marto was nearly out, but his gameness helped him, and he was able to toe the scratch for the fifth considerably refreshed. The final round was in favor of the Brooklyn puglist. He jabbed Marto constantly and had the latter's nose in bad shape. Although there was no decision, Feltz's superiority was evident. Marto, who is only a novice, hame in for praise for showing up as well as ce did.

PROFESSIONALS IN AUTO CUPRACE NARROW ESCAPE FOR HICKS. Amended Rules So That Challenging Clubs May Name Drivers.

A cable despatch was received by the Automobile Club of America yesterday from its foreign representative, stating:

Clubs may nominate drivers. DINSMORE. This was interpreted to mean that the question of permitting professional chaufeurs to operate cars in the international cup race had been decided by the International Cup Race Commission at its meeting in Paris yesterday in favor of the position taken by he American and German clubs, which was

o admit professionals. The amendment to rule 9 must have been a modification of the one proposed, according to the cablegram. The German club proposed that owners entering cars for cording to the cablegram. The Germial club proposed that owners entering cars for the cup race be permitted to engage expert professionals to drive them. The American club, after considerable discussion, cabled its representative, Clarence Gray Dinsmore, to support the amendment, provided that only club members be allowed to make entries. It was reported that both the Fench and English clubs would oppose the amendment on the ground that only "gentleman amateurs" should be allowed to drive in such a race, though both countries were represented last year by teams that had at least one professional. S. F. Edge of England said that if professionals were permitted to drive, all the professionals were permitted to drive, all the professional chauffeurs of the world would offer themselves to the highest bidder, and the teams would not be representative of the nations, as the cars must be.

The form in which the amendment was passed seems to overcome the objection raised by Mr. Edge, and the officials of the Automobile Club here are much pleased with the result. They think the clubs will naturally be anxious to preserve the patriotic character of their teams, and, having the power to nominate the drivers, they can check the selection of any undesirable person by a manufacturer or owner. The owner making an entry can recommend a driver for his car, and the club probably will name the man, but it is not obliged to on.

On Tuesday right the racing committee

do so. On Tuesday night the racing committee of the Automobile Club of America decided to extend the time for accepting entries to Saturday, and it was said last night that in view of the amendment having passed some further entries are expected. At present Alden Sampson, 2d, of Pittsfield, Mass., is the only member who has entered.

NEW SCHOOL ASSSOCIATION. Headmasters to Control Things in This Athletic Body.

It was officially announced yesterday afternoon that the new year would see the first steps toward the new local interscholastic athletic association. A circular letter is now being prepared by Headmaster Shaw of Hamilton Institute and it will invite the headmasters of the schools to convene for a conference. The new organization will comprise fifteen schools, and the dues will be \$15. The headmasters will have full control and will act as the advisory board. The rumor that the present association would prevent the promoters of the new association using the name "Interscholastic Athletic Association" is causing no worriment, for a

Association is causing no worriment, for a new name has already been selected.

A headmaster of a prominent uptown school said:

"The new association will be similar to the old one. The most important change is the one substituting the headmasters of the schools, members of the association, for alumni as an advisory committee. There is no doubt that this is a move in the right direction. While I admire the ability of the chairman of the present association's committee, I do not think he is in a position to know what is best for the association.

"The headmasters are the ones that pay the dues and assessments and they should have a voice in the matter. If it is necessary to have an advisory committee for the boys, which I think it is, it would seem that they could get the best advice from the men who know most about the affairs in question. There seems to be no question that the headmasters know more about them than outsiders do.

"The second proposition will be to throw out the so-called one-year clause. No question has come up in years that has raised such a discussion, and in order not to have any such discussion we will not have the requirement in the constitution."

SPORTS AT DURLAND'S. All Sorts of Equestrian Manœuvres-Basket-

ball and Potato Race. At Durland's Riding Academy last night a crowd of fifty couples, under the command of Charles T. Krauss, engaged in a musical

of thaties I. Krauss, engaged in a musical ride, and they fairly bankrupted the rép-ertoire of equestrian manœuvres before they left the tanbark. Mr. and Mrs. John Gerken headed the cavalcade, and other prominent riders were Mr. and Mrs. John Keyes, Miss Mctauley, Mr. Hiller, L. Ottinger, J. R. Butler, Miss Werthelm, Miss Winter, Miss Peck and Miss Paulson. Miss Wertheim, Miss Winter, Miss Peck and Miss Paulson.
Following the ride there was a game of mounted basketbail. On one team played Snedecker, Clapp and Geyer, while their opponents were Tynan, Providie and Miller. The game was warmly contested, and many times in the course of the play the riders were unseated and miraculously escaped injury. Finally Snedecker and his companions won by a score of 4 goals to 3.

The night's sport wound up with a potatorace on horseback. The potatoes were arranged on the ground in the same way as for a foot race, and to gather them to the bucket at the end necessitated a lot of mounting and dismounting. The contestants were Tynan, Snedecker, Clapp, Geyer, Providie and Miller, and after some wild scrambling Tynan was declared the winner.

There was good skating in several places around New York yesterday, and if Jack Frost keeps his hold on this locality, Central Frost keeps his hold on this locality, Central Park Lake will be thrown open to the public this evening or to-morrow. The ice was tested yesterday and found to be not far from the required thickness. Early yesterday morning the red ball was holsted at Prospect Park Lake, and in a short time the ice was black with youngsters in a mad whirl. A lot of youths and maidens journeyed to Bronx Park and the pond there had all it could hold during the afternoon. Owing to some dredging which took place at Van Cortlandt recently the ice is poor, but if the freezing weather continues it will be all right in a few days. On all the ponds around Jersey City there was skating, as well as on Jersey City there was skating, as well as on the Institute Park lake, and the children's playground in the Eastern District of Brooklyn.

J. P. MAYBERRY STUMBLES AND THROWS JOCKEY.

Rider Thrown Twenty-five Feet, but Horse Pass Over Him Without Causing Injury-Killing Fails With Felix Bard -Two Favorites Win at New Orleans

NEW ORLEANS, La., Dec. 16.-Jockey W. Hicks, the colored rider, had a narrow escape from instant death at the Fair Grounds this afternoon, when J. P. Mayberry, Charlie Ellison's colt, fell in the third race. Mayberry was lying third in good position in a field of eight and running easily, when di-rectly opposite the grand stand he stumbled and turned a complete somersault. Hicks was thrown fully twenty-five feet

in the air and landed on his back The other horses passed over him, but he was not stepped upon. He rose to his feet and walked to the outside rall, where he sank to the turf and became unconscious. He was picked up immediately and carried to the stable of W. Flicque, his employer, where he recovered rapidly. Beyond a bad shaking up he escaped injury and the onlookers marvelled at his narrow escape.

J. P. Mayberry was a 3 to 5 favorite. Morning Star was second choice at 4 to 1 and the big plungers all went to Mayberry. The break at the post showed Bronx and Morning Star in front, with the favorite trailing. The leaders were not interfered with by the fall of Mayberry and held command into the stretch. Here Morning Star drew away and won as she pleased by four lengths. Bronx was beaten a half length by Mr. Pickwick for the place.

The sport was very tame and only two The sport was very tame and only two favorites managed to make connections, so the Bookies had an exceptionally good day. BUFFALO GETS RACING DATES. Spring Meeting to Be Held From June 6 to 25 Inclusive.

Announcement was made yesterday that the Jockey Club had granted to the Buffalo Racing Association dates for a spring meeting in 1904 from June 6 to June 25, both dates inclusive. The association has planned a series of stakes, the details of which will be made public in a few days and which, with made public in a few days and which, with its overnight events, will make up the most attractive programme ever attempted outside the metropolitan circuit.

The fact that the principal event will be the Buffalo Derby, of a value of not less than \$6,000, is an indication not only of the high character of racing that is aimed at in this new territory but of the perfect confidence of the management that the sport, properly conducted, will meet with most generous response in western New York. It was generally believed that the meeting at Kenilworth Park would begin on Memorial Day, but on this point S. S. Howland, president of the Buffalo Racing Association, said yesterday:

day:

"It was our intention to open our meeting at Kenilworth on Memorial Day, and of that intention we notified the Ontario Jockey Club on several occasions, the first almost immediately after the close of our meeting in September last. Our programme contemplated a meeting for the dates May 30 to June 18, inclusive, and an intimation to the lockey Club of this desire was informally templated a meeting for the dates May 30 to June 18, inclusive, and an initimation to the Jockey Club of this desire was informally acquiesced in. Since that time, however, the Ontario Jockey Club announced dates that would have meant a conflict with our first week had we adhered to our original intention. It was not our desire to cause any avoidable clashing of dates, and, therefore, for our next meeting and at the cost of the sacrifice of Memoral Day, we changed our schedule for the summer of 1904.

"In future, however, and beginning in 1905, the Buffalo Racing Association will undoubtedly ask the Jockey Club's permission to begin its spring meeting on Memorial Day and have so officially notified the Ontario Jockey Club. The autumn dates will be approximately the same as those of last year, depending of course, on the dates which may be assigned to Saratoga."
